RE: Rosemont Copper Company; Request for Information under CWA Section 308(a)  
EPA Docket No. CWA-308-9-22-032

Dear Mr. Marincola:

By letter signed on August 3, 2022, you requested information about certain work that Hudbay Minerals Inc. has planned or performed since April 22, 2022, at the Copper World Complex in Pima County, Arizona. Your request for information is extensive, and we are still reviewing it. It appears that a substantial amount of work is likely to be required to locate and assemble the documents and other information you have asked for.

Your letter asked us to provide a response by August 31. Unfortunately, we do not have a large staff, and given the scope of the information request, we will not be able provide a response by that date. We will instead respond to your request no later than September 30.

In the meantime, please feel free to contact me if you have any questions or would like to discuss this letter in greater detail. Your attorney may contact our Executive Director, Legal and Public Affairs, Matt Bingham at 520-495-3523 or at matt.bingham@hudsonbay.com. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Javier Del Rio".

Javier Del Rio  
Vice President, South America and USA
